bosch runn n manual

When passing the vacuum cleaner on to a third party, please also pass on this instruction manual. Intended use This vacuum cleaner is intended for domestic use and not for commercial use. Only use this vacuum cleaner in accordance with the instructions in this instruction manual. The appliance may be used by children over the age of 8 years and by persons with reduced physical, sensory or mental capacity or by persons with a lack of experience or knowledge if they are supervised or have been instructed on the safe use of the appliance and they have understood the potential dangers of using. When disconnecting the appliance from the mains, pull on the plug itself to remove it; do not pull on the power cord. Do not pull the power cord over sharp edges or allow it to become trapped. Please note The mains socket must be protected by at least a 16 amp circuit breaker. If a circuit breaker is tripped when you switch on the vacuum cleaner, this may be because other electrical appliances which have a high current draw are connected to the same power circuit. Especially suitable for picking up pet hair. The brush roller is driven by the suction air flow through the vacuum cleaner. You will hear an audible click. Click! Caution The dust container can only be removed when the appliance is in. Put the lid back on the dust container. Remove any dirt which may have been lodged underneath the container ejector opening. Insert the dust container in the appliance, so that it clicks audibly into place. Hold the appliance lid by the recessed handle and open it. This does not have to be cleaned. Unlock the HEPA filter and remove it from the appliance. Tap out the filter unit and rinse it under running water. Alternatively, the unit can be cleaned in a washing machine at max. To ensure that the vacuum cleaner is working at its optimum power level, the exhaust filter should be rinsed out after one year. TIP To protect other laundry items, put the unit into a laundry bag. The vacuum cleaner and plastic accessories can be cleaned with an ordinary plastic cleaner. Caution do not use a scourer, glasscleaning agent or multipurpose cleaning product. Details regarding same may be obtained from the dealer from whom the appliance was purchased. For claims under guarantee the sales receipt must be produced.
